Download/Install Catalyst Control Center

Step 1

Go to <u>www.amd.com/en/support</u> and enter details to detect OS and Graphics Card present, this will then make sure drivers are up-to-date.

Step 2

Close all opened applications - including live monitoring anti-virus, firewall, remote-access or webcam software.

When downloaded installation file is run a security prompt will appear, click **RUN** to start installation.

Windows User Account Control may appear asking to allow program to make changes, select **YES** to continue.

AMD Catalyst software installation folder window will open. Click **INSTALL**, it is recommended to use the default location for the installation.

Step 3

The AMD Catalyst Install Manager window will open to allow selection of preferred language. Do this and Click **NEXT**.
